

**CABINET DECISIONS – 10 JUNE 2021**

1. Cabinet has agreed to drafting instructions being conveyed to the Attorney General's Office for amendments to be brought to the Mauritius Standards Bureau Act. The main amendments proposed to the Mauritius Standards Bureau Act pertain to -

- (a) replacement of some existing interpretations which are outdated;
- (b) inclusion of two new objectives, namely to operate a National Enquiry Point in consultation with other Ministries and to conduct technical investigations in the field of conformity assessment;
- (c) formalisation of activities such as formulation of Mauritian Standards and Metrology/Calibration; and
- (d) provision for new activities of the Bureau, such as "Conformity Assessment" and "Inspection".

\*\*\*

2. Cabinet has agreed to the Minister of Environment, Solid Waste Management and Climate Change making an amendment to the Fourth Schedule of the Environment Protection Act by way of regulations under section 13(6) of the Act, to designate the Permanent Secretary responsible for the National Parks and Conservation Service as the enforcing agency in relation to wetlands.

\*\*\*

3. Cabinet has taken note that the Minister of Finance, Economic Planning and Development would promulgate the Economic Development Board (e-Commerce Scheme) (Amendment) Regulations 2021. The Regulations would be amended to provide, inter alia, that a company which does not satisfy the conditions specified in paragraph (1) of the Regulations would be eligible to apply for an e-Commerce certificate provided it satisfies the following conditions –

- (a) minimum capital investment of at least 20 million rupees in Mauritius, including hardware, software and logistics;
- (b) at least 20 suitably qualified resident personnel, including two at senior management level, who shall conduct its core income generating activities in Mauritius;
- (c) engaging in e-Commerce activities in high priority sectors specified in the guidelines; and
- (d) incurring minimum expenditure proportionate to its activities.

A company which holds a Global Business Licence, other than a company which operates and undertakes e-Commerce activities, in the Business Process Outsourcing sector would be eligible to apply for an e-Commerce certificate subject to some specified conditions.

\*\*\*

4. Cabinet has taken note that the Environment Protection (Amendment of Schedule) Regulations 2021 would be promulgated and would come into operation with effect from 12 June 2021. Amendments are being brought to the Ninth Schedule of the Environment Protection Act to reinforce the law, and to harmonise provisions and fines for dumping and littering offences.

\*\*\*

5. Cabinet has taken note that the Minister of Health and Wellness would amend the Public Health (Prohibition on Advertisement, Sponsorship and Restriction on Sale and Consumption in Public Places of Alcoholic Drinks) Regulations 2008 to align it with the recommendations of the World Health Organization 2010 Global Alcohol Strategy. The National Action Plan to reduce the harmful use of alcohol 2020-2024 aims, inter alia, at reducing the harmful use of alcohol by at least 10 percent by year 2025 and to address alcohol related harmful effects through awareness campaigns. One of the recommendations of the National Action Plan is to strengthen and enforce the Public Health (Prohibition on Advertisement, Sponsorship and Restriction on Sale and Consumption in Public Places of Alcoholic Drinks) Regulations 2008.

\*\*\*

6. Cabinet has agreed to the refund of the amount of training levy overpaid by employers in the tourism sector being made to those engaged in activities defined under Sub-Part B of Part I of the Twelfth Schedule to the Income Tax Regulations, pending appropriate provisions in the Human Resource Development Act. The employers in the tourism sector paid their respective training levy at the rate of 1%, instead of 0.5%, for the period April 2020 to June 2020. The amount overpaid by the employers would be refunded.

\*\*\*

7. Cabinet has taken note of the proposal for funding from the Global Environment Facility Council through the United Nations Development Programme Mauritius Country Office for the implementation of a project aiming at “Promoting Low Carbon Electric Public Bus Transport in the Republic of Mauritius” with a view to expediting the introduction of modern and low emission buses. The objective of the project is to promote capital investments for developing a sustainable transport infrastructure in Mauritius in order to reduce transport-related Greenhouse Gas emissions and to mitigate climate change. The project also intends to engage and build technical capacities of transport-related policymakers, regulatory and other government agencies, financial institutions and the private sector. The project comprises the following components –

- (a) policy and regulatory framework for electric public (bus) transport in Mauritius;
- (b) financial incentive package for electric buses and charging infrastructure;
- (c) technical feasibility and capacity building;

- (d) awareness raising to address barriers related to lack of awareness on benefits of low-carbon electric public transport; and
- (e) knowledge management, monitoring and evaluation.

\*\*\*

8. Cabinet has taken note that following the representations of Mauritius about the reference to the so-called “British Indian Ocean Territory” in paragraph 4 of Article 774 of the EU-UK Trade and Cooperation Agreement, the European Commission has made on behalf of the European Union a Declaration on that issue. The Declaration, which has been published in the Official Journal of the European Union on 01 June 2021, reads as follows –

*“The European Union declares that the reference to the British Indian Ocean Territory in paragraph 4 of Article 774 of the Agreement is to be interpreted and implemented in full respect of applicable international law”.*

On 03 June 2021, the EU Delegation to the UK transmitted the Declaration to the UK Foreign, Commonwealth and Development Office.

\*\*\*

9. Cabinet has taken note of the main findings and recommendations contained in the report submitted by PriceWaterhouseCoopers Ltd and the UNDP consultant, for the establishment of a Business Continuity Plan for the Government.

Cabinet has agreed to the implementation of three digitalisation projects financed jointly by the UNDP and the Government namely -

- (a) implementation of an Electronic Document Management System (eDMS) on a pilot basis at the level of the Ministry of Public Service, Administrative and Institutional Reforms. The eDMS would be a single repository that would be used to organise, share, retrieve, reuse and manage documents. Based on the outcome of this pilot project, the system would be replicated and deployed to all Ministries and Departments;
- (b) implementation of a Parliamentary Electronic Document Management System which would be used as a central repository to store and manage critical document and electronic voting facilities relating to the Sitting of the National Assembly; and
- (c) automation of the Data Capture Process at the Registrar General Department to facilitate the processing and recording of documents electronically.

\*\*\*

10. Cabinet has agreed to the signing of a Memorandum of Understanding between the Seafarers’ Welfare Fund and the Mauritius Sailors’ Home Society. The Memorandum of Understanding provides for an improved cooperation between the two organisations and also to better promote social and economic welfare of seafarers and their families through appropriate schemes and projects. The Mauritius Sailors’ Home Society would use the monthly grant given by the Seafarers’ Welfare Fund for the provision of various facilities to seafarers and their families.

11. Cabinet has agreed to the Mauritius Standards Bureau signing a Memorandum of Understanding with –

- (a) the Tanzania Bureau of Standards of the Republic of Tanzania; and
- (b) the Instituto Nacional de Normalização e Qualidade of the Republic of Mozambique.

The objective of the Memoranda of Understanding is to promote and facilitate bilateral trade through the elimination of Technical Barriers to Trade. It would cover, amongst others, co-operation in Standardisation, Quality Assurance, Metrology, Conformity Assessment Services and Training.

\*\*\*

12. Cabinet has taken note that the District Council of Moka would sign an agreement with the National Computer Board for implementation of the Innovative Council Project. The goal of the project is to set up the necessary infrastructure at the Government Online Centre to host the Geospatial data of Local Authorities as well as develop the software and interface to allow users to add, edit and update assets of the Local Authorities.

\*\*\*

13. Cabinet has agreed to amendments being made to the Consumer Protection (Scrap Metal) Regulations 2019 in order to exceptionally allow the exportation of scrap copper which has been legally traded and acquired. Scrap copper cables are normally processed into ingots or finished products before exportation. However, a small quantity of these scrap copper cables cannot be processed locally due to shortage of labour, expertise and equipment. They remain an eyesore and constitute a loss of revenue for the scrap metal dealers and exporters.

\*\*\*

14. Cabinet has agreed to the submission of the 24<sup>th</sup> and 25<sup>th</sup> Combined Periodic Report of the Republic of Mauritius to the International Convention on the Elimination of All Forms of Racial Discrimination (ICERD). The ICERD is the principal international treaty for the elimination of racism, racial discrimination and other forms of intolerance.

The report covers the period July 2017 to May 2021 and has been worked out in consultation with the Committee members of the National Mechanism for Reporting and Follow-Up comprising representatives of Ministries/Departments, NGOs and the civil society.

\*\*\*

15. Cabinet has taken note that the Ministry of Agro-Industry and Food Security would sign a Letter of Intent with the Chinese Academy of Tropical Agricultural Science of the People's Republic of China to establish cooperation in the fields of training, research, technology and policy development related to tropical agriculture. The areas and types of cooperation would include, among others -

- (a) collection and conservation of plant and animal genetic resources;

- (b) environment protection;
- (c) breeding and dissemination of improved crop varieties, especially dwarf fruit cultivars;
- (d) development and recommendation of sustainable farming systems;
- (e) control of pests, diseases and weeds in crop farming;
- (f) research and development in animal health and production; and
- (g) use of ICT and artificial intelligence including drones in agriculture.
