- (d) the loan would be disbursed by the DBM in a phased manner upon verification of the relevant documentary evidence by that institution.

----

5. Cabinet has agreed to drafting instructions being conveyed to the Attorney General's Office to bring amendments to the Insurance Act and Insurance Regulations 2007, with a view to establishing a regulatory framework for the introduction of a new line of business known as Structure Investment-Linked Insurance Business commonly referred to as "Insurance Wrapper".

The Financial Services Commission consulted the industry stakeholders and the public on the establishment of a regulatory framework for the introduction of the Structure Investment-Linked Insurance Business. The feedbacks received were assessed by a technical team of the Financial Services Commission and a Consultant appointed to develop a comprehensive regulatory and supervisory framework for the Structure Investment-Linked Insurance Business.

----

6. Cabinet has agreed to the signing of a Bilateral Agreement between the Government of the Republic of Mauritius and the Government of the Principality of Monaco, for the implementation of an exchange programme between the Ecole Hôtelière Sir Gaëtan Duval and the "Lycée Technique et Hôtelier de Monaco" of the Principality of Monaco for the period 2022 to 2024. The Bilateral Agreement was first signed in 2005 for a three-year period and has subsequently been renewed on a regular basis.

The aim of the Agreement is to define the modalities to enable cooperation between the Government of Mauritius and the Government of Monaco and subsequently, the implementation of the exchange programme. The objective of the exchange programme is to improve students' skills in the hotel and restaurant industry while benefiting from an international experience as well as to enhance trainers' knowledge in the cooking, pastry and wine waiting fields.

----

7. Cabinet has taken note of the setting up a Fast Track Committee to look into all issues impeding the implementation of the National Flood Management Programme. The Fast Track Committee, which would be chaired by the Minister of National Infrastructure and Community Development, would address bottlenecks related to land acquisition, securing of right of entry or wayleaves, as well as other challenging issues which might hamper the implementation of the National Flood Management Programme.

----

8. Cabinet has taken note that the Ministry of Health and Wellness would be providing two new services at SSR National Hospital, namely a Fertility Clinic and Epidural Services for women in labour. The Ministry has set up a unit to enable the registration of patients in a sub-fertility database so that each patient can benefit from a set of diagnosis and a proposed plan of action according to his/her needs.

The Fertility Clinic would provide a holistic approach to those couples who are facing difficulties to conceive based on the assessment, diagnosis and treatment modalities. Existing advanced reproduction techniques such as artificial insemination and in-vitro fertilisation would be offered to eligible couples.

In addition, the Ministry would start an Epidural Service for women undergoing normal delivery at SSR National Hospital. At a later stage, this service would be extended to the other regional hospitals as soon as the necessary facilities were available and the personnel would have been trained. These services would be operational as from 08 March 2022 at SSRN Hospital which would coincide with the commemoration of International Women's Day.

----

9. Cabinet has taken note of developments following the grounding of three fishing vessels in the Port waters on 23 February 2022. Vessel FV Wen Hung Dar 168 has been successfully pulled out from the incident site and towed to the dry dock after all marine gas oil was pumped out. Salvage operations in respect of the other two vessels, namely FV Maan Yu Feng 1 and FV Maan Yu Feng 168 were underway with pumping out of the marine gas oil and removal of rotten fish in their cargo holds. The salvage team expects to put afloat these vessels by the following week and tow them to the dry dock. No oil spill was observed following the incident.

----

10. Cabinet has taken note of the status of projects that were being undertaken by the National Housing Development Company Ltd (NHDC). The NHDC Ltd has, since November 2019 to-date, completed the construction of some 2,188 housing units. Out of these 2,188 housing units, 656 and 300 housing units have been constructed at Dagotière and at Mare Tabac respectively. The allocation process of these units was underway and expected to be completed shortly.

Moreover, construction of 282 and 203 housing units has started in Wooton and Mare D'Albert and was expected to be completed in June and October 2022, respectively. The NHDC would also proceed with the construction of 223 housing units at La Valette in May 2022 and the project was expected to be completed in August 2023. Furthermore, the construction of around 290 housing units in Mont Goût was expected to start in June 2022.

----

12. Cabinet has agreed to the setting up of a Coral Reef Network. The aim of the Coral Reef Network is to work with relevant local stakeholders towards the improvement and harmonisation of policies, as well as the legal and institutional framework with regard to coral reefs. This would be achieved through a collaborative and consultative approach while enhancing networking and improving collaboration for a better exchange of data.

The Coral Reef Network would align its activities with the Sustainable Development Goal 14 (SDG 14 - Life Under Water) to contribute to the conservation goal set by the Ministry of Blue Economy, Marine Resources, Fisheries and Shipping. It would be led and coordinated by the Albion Fisheries Research Centre and the membership would comprise representatives of main stakeholders including Ministries, locally recognised NGOs, fishers' organisations, diving centres, universities and other relevant organisations. It would provide a common platform to discuss on issues/challenges related to coral reef and its associated ecosystems. It would coordinate, organise and manage activities, propose appropriate strategies and management measures to protect and conserve coral reefs, as well as sensitise the public at large.

----

13. Cabinet has taken note of the findings of the Research Project 'Investigation of the Performance of Different Road Lighting Technologies and their Effect on Road Safety' undertaken by the Road Safety Observatory of the Ministry of Land Transport and Light Rail in collaboration with the University of Mauritius. The objectives of the Study were as follows –

- (a) investigating the safety benefits associated with road lighting and reviewing the existing road illumination according to international standards to reduce the number of road crashes;
- (b) determining road users' behaviour and understanding with respect to road lighting in Mauritius and its effect on their safety; and
- (c) investigating the performance of different road lighting technologies on Mauritian roads and their potential impact on road safety.

A survey was carried out in the nine districts of Mauritius to gauge the general perspective of road users concerning road lighting and a sample of 730 respondents was chosen for this exercise. The findings and recommendations of the Research Project were being analysed at the level of the Ministry of Land Transport and Light Rail for formulation of policies and implementation of corrective measures and actions for enhanced road safety. Meetings would be organised with Ministries and organisations concerned to disseminate the findings and recommendations of the Study. The recommendations would be communicated to the Road Development Authority to be included in the specifications for street lighting in all new road infrastructural projects.

----

14. Cabinet has taken note of the proposed relocation of the ex-Governor's Railway Station within the premises of the State House and the remedial works to be undertaken at the Food Technology Laboratory, both found in Réduit, in the wake of the implementation of Phase 3 of the Metro Express Project: Rose Hill Central to Mahatma Gandhi Station (Réduit) through Ebène.
