

## **HIGHLIGHTS OF CABINET MEETING – FRIDAY 13 SEPTEMBER 2024**

1. Cabinet has taken note that the following regulations would be promulgated under the Fisheries Act 2023 -

- (a) the Fisheries (Automatic Identification System) Regulations 2024 which would allow the Fisheries Monitoring Centre and the National Coast Guard to monitor the movement of vessels and fishing activities carried out in the maritime zone or under the jurisdiction of the Republic of Mauritius or of another coastal State as well as on the high seas. The Regulations would also address shortcomings in the current Fisheries and Marine Resources (Automatic Identification System) Regulations 2016 so as to be aligned with the Act;
- (b) the Fisheries (Electronic Reporting System) Regulations 2024 which would provide for the responsibilities and obligations of concerned operators of fishing vessels with regard to, inter alia, -
  - (i) the installation of an Electronic Reporting System Unit on board the vessel;
  - (ii) the requirement to notify the Fisheries Monitoring Centre of the Ministry of Blue Economy, Marine Resources, Fisheries and Shipping when departing from the port of Mauritius as well as when entering the maritime zones of Mauritius from the high seas; and
  - (iii) daily reporting of fishing activities during the fishing trip including a nil catch on days when fishing is not carried out among others; and
- (c) the Fisheries (Vessel Monitoring System) Regulations 2024 which would set out the responsibilities and obligations of operators of fishing vessels concerned with regard to the installation and operation of a mobile transceiver on board their vessels. The mobile transceiver should be switched on at all times during fishing campaigns so as to allow the Fisheries Monitoring Centre to monitor the movement and activities of the vessel through the Vessel Monitoring System.
