

## **HIGHLIGHTS OF CABINET MEETING – FRIDAY 23 MAY 2025**

1. Cabinet has taken note that yesterday Mauritius and the United Kingdom signed a historic Agreement concerning the Chagos Archipelago including Diego Garcia. Under this Agreement, the United Kingdom recognises the sovereignty of Mauritius over the entirety of the Chagos Archipelago, including Diego Garcia. The Agreement has been made public and uploaded on the website of the Prime Minister's Office.

Cabinet has also taken note that arrangements would be made for a high-level delegation to visit the Chagos Archipelago shortly, and that a committee under the chair of the Prime Minister and comprising, inter alia, representatives of the Chagossian community, would be set up to look into projects to be implemented in the Chagos Archipelago.

Cabinet has further taken note that the Mauritian national flag would be raised on the islands of the Chagos Archipelago, to symbolise the sovereignty of the Republic of Mauritius over the Chagos Archipelago.

4. Cabinet has taken note of key findings of a study commissioned by the Ministry of Financial Services and Economic Planning to capture the actual contribution of the Financial Services and Global Business sectors on the Mauritian economy.

The Financial Services sector is a key pillar of the Mauritian economy, supporting growth, high-skilled employment, and Government revenue. The study was undertaken by the University of Mauritius with the objective of delivering a holistic view of the sector's total contribution to the Mauritian economy, beyond what was currently reflected in conventional statistics. The key findings of the study included, inter alia, –

- (a) an increase in direct employment to around 20,000 individuals in 2023;
- (b) a total output multiplier including direct, indirect and induced of 1.77, raising the Financial Services sector's real contribution to Gross Domestic Product to approximately 24.7%; and

- (c) significant catalytic effects, including over Corporate Social Responsibility and special levies contributed by the Financial Services sector.

The Financial Services sector exhibited a strong multiplier effect, contributing significantly to high quality job creation and tax revenue well beyond its direct outputs. Its catalytic potential reinforced the need for strategic investment in key areas such as skills development, digital innovation, including emerging FinTech solutions and sustainable finance. The findings of the Economic Impact Assessment offered a robust, evidence-based rationale for continued policy focus and targeted support. Such measures were vital to ensure that the sector remains a key engine of inclusive and sustainable economic growth in Mauritius.

The Ministry of Financial Services and Economic Planning would continue to engage with stakeholders and coordinate the effective implementation of these strategic reforms to secure the long-term growth and resilience of the Financial Services sector in Mauritius.
